12. [REDACTED] BRIEFING Pete Bonner, Senate 25X1  
Appropriations Committee staff, called to say that he did not have  
much more information concerning the trawler incident on which  
Senator Ted Stevens (R., Alaska) is to be briefed tomorrow. He  
had discovered that Senator Stevens' information had come from  
Senator Henry M. Jackson's (D., Wash.) office who had in turn  
heard it at a briefing provided by the Helsinki Commission  
(Commission on Security and Cooperation in Europe). The Commission  
Staff Director, R. Spencer Oliver, is on leave at the present. I  
related this to [REDACTED] NFAC/CSS. 25X1

13. (Unclassified - ELS) LIAISON Talked to both Mike O'Neil, Chief Counsel, House Permanent Select Committee on Intelligence, and Bill Miller, Staff Director, Senate Select Committee on Intelligence, regarding a possible signing ceremony for the Intelligence Authorization Bill. Both were enthusiastic about this possibility. I indicated that the Speaker of the House will not transmit the Bill to the President until 6 September 1978.

14. (Unclassified - RLB) LEGISLATION Received a call from Mr. Walter Douglas, Legislative Correspondent to Representative John Rhodes (R., Ariz.), who inquired about legislation to protect against the unauthorized disclosure of identities of intelligence officers. Mr. Douglas said his query was prompted by recent press articles concerning the activities of Philip Agee. I told Mr. Douglas we were looking at such legislation and gave to him numbers of several bills in both Houses of Congress that deal with this subject.

15. (Unclassified - RLB) LEGISLATION Spoke with Mr. Larry Hammond, Office of Legal Counsel, Department of Justice, on the matter of providing to the House Permanent Select Committee on Intelligence amendatory language to H.R. 12171, the "Federal Accounting and Auditing Act of 1978." I gave Mr. Hammond the gist of the letter we were proposing to send from Deputy Director Carlucci to Chairman Edward P. Boland (D., Mass.), in which we were recommending very strongly that the whole issue addressed by H.R. 12171 -- the authority of the Comptroller General to audit confidential funds expenditures -- be considered carefully and preferably in the context of the charter legislation; but that, if that were not possible then we would recommend an amendment to H.R. 12171 which would maintain the status quo of the CIA's present relationship with the Comptroller General on this matter. Mr. Hammond said he had no problems with the letter but asked that we include therein a clear reference to the effect that our amendment did not address the effects of the bill on other entities of the Intelligence Community and that we would hope these matters would be addressed when the legislation receives full consideration. He also clarified for me the position of the Department on section 3 of the bill.

16. (Unclassified - RLB) LEGISLATION Spoke with Mr. Michael O'Neil, Chief Counsel, House Permanent Select Committee on Intelligence, and summarized for him the letter we were proposing to send from Deputy Director Carlucci to Chairman Edward P. Boland (D., Mass.) on the matter of H.R. 12171, the "Federal Accounting and Auditing Act of 1978." Mr. O'Neil asked that we provide him today with a copy of the draft letter so that he could focus on it before meeting his commitment to get some amendatory language to Chairman Brooks' staffers working on this legislation. I told Mr. O'Neil I foresaw no problem in providing him a draft of the letter provided he did not show it to anyone not on his staff; he agreed to this. A copy of the draft letter was provided by courier to Mr. O'Neil.

17. (Unclassified - RLB) LEGISLATION Discussed with Mr. John Kaul, FBI, the substance of the letter we are proposing to send from Deputy Director Carlucci to Chairman Edward P. Boland (D., Mass.), House Permanent Select Committee on Intelligence, on the matter of H.R. 12171, the "Federal Accounting and Auditing Act of 1978." Mr. Kaul said he had spoken with Mr. Larry Hammond, of the Department of Justice, subsequent to my conversation with Mr. Hammond, and Mr. Kaul asked if we could include in the letter and in our proposed amendment language that would remove from coverage of H.R. 12171 the confidential funds expenditures of the Bureau. I emphasized to Mr. Kaul we were speaking only for the CIA in terms of amendatory language since the Director's authority over confidential funds expenditures related to the CIA and since such authority of other entities of the Community are not related solely to intelligence expenditures. Mr. Kaul said he understood our concerns but explained to me the problems he would have in sending a letter forward to Chairman Boland on this legislation for the FBI. He said he would do further checking and would get back to me.

18. (Unclassified - MDC) LEGISLATION Called Mr. Stu Foss, Department of Defense Office of Civilian Personnel Policy, regarding Title VII (Labor Management Relations) of the Civil Service Reform bill. According to the Civil Service Commission, Mr. Foss was to be the drafter of exclusionary language provisions for Title VII. Mr. Foss, having recently returned from vacation, was unaware of this but promised to follow up and call me back.

19. (Unclassified - MDC) LEGISLATION Spoke with Mr. George Gilbert, OMB, Office of Legislative Reference, who informed me that Justice has not yet been able to comment on CIA proposed amendments to the Federal Tort Claims Act (S. 3314). Mr. Gilbert did, however, state that Justice does not believe the bill has a chance of passage this session. This merely confirms earlier similar reporting from our sources on the Hill.

20. (Unclassified - MLG) FOIA/LIAISON Received a call from Gail Zauder, in the San Antonio District office of Representative Robert Krueger (D., Texas), who was inquiring on behalf of a constituent who wanted to find out how the constituent could obtain any information that the CIA may have on him under the Privacy Act. Per [redacted] 25X1  
request, I informed Ms. Zauder that the constituent should write to [redacted] Information and Privacy Coordinator, Central Intelligence Agency, Washington, D.C. 20505. I informed Ms. Zauder the need for proper identification to start search of Agency records and that the search would take approximately six to eight months depending on what, if anything, was located.

21. (Unclassified - ABS) LIAISON Called Cliff Fowler, GAO, to set up a meeting between Agency representatives and himself to discuss suggested Agency changes in the draft GAO report on NUMEC. The meeting is scheduled for 24 August, at 9:00 a.m., at Headquarters. 25X1

22. [redacted] PLC) LIAISON Accompanied [redacted] 25X1  
and [redacted] both of the Office of Economic Research, 25X1  
to an informal meeting with Owen J. Malone, Chief Counsel, Permanent Subcommittee on Investigations, Senate Committee on Governmental Affairs, Richard N. Perle and Peter Sullivan, both of the Subcommittee staff, which was held in 101 Russell Senate Office Building from 1530 to 1745 hours. The subject concerned the Agency's role in the Government's decision to grant an export license to Dresser Industries to sell the Soviet Union a technology to manufacture an oil drilling drill bit. The meeting was requested by Mr. Perle as part of the Subcommittee's investigation of the Government's granting of the license to Dresser. [redacted] made clear that the Agency has only an advisory role in the decision making to grant such a license, and gave a brief rundown of the Agency's reaction to the sale. 23. (Internal Use Only - PLC) LIAISON Called Speaker Thomas P. O'Neill's (D., Mass.) office concerning the Speaker's letter to the Director dated 7 August 1978 responding to the Director's letter of 21 July 1978 establishing procedures for granting clearances to the Legislative Branch. Due to the extended absence of Gary Hymel, Administrative Assistant, I spoke to Ari Weiss, Legislative Assistant. I explained that the Director's policy, expressed in his 21 July letter, limited compartmented clearances only to the Speaker's office and the Majority and Minority Leaders. However, the Speaker, in his letter, requested staff clearances for the Majority Whip, the Deputy Majority Whip and the Democratic Steering and Policy Committee. I further explained that the Director would want to hold the line at this time to the Majority Leaders of both the House and the Senate and inquired as to whether this would present a problem to Mr. O'Neill. Weiss said he felt certain that Mr. O'Neill would readily accept the Director's decision. Weiss will be calling Mr. O'Neill in Massachusetts later today or tomorrow to confirm his reaction and will call me back. Weiss said it would not be necessary for the Director to respond to Mr. O'Neill's letter of 7 August. I told Weiss that we would be contacting the office of the Minority Leader to determine which staff members he would want cleared and that we would be contacting Messrs. Hymel and Kirk O'Donnell, in the Speaker's office, after Labor Day, when they return, to initiate the processing of their clearances.

24. (Unclassified - SF) EMPLOYMENT REQUEST Per Mr. Morton M. Palmer's, of our office, request, sent [redacted] constituent of Representative Charles Whalen, Jr. (R., Ohio), a Graduate Studies Program Fact Sheet.

ADDENDUM TO JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

25X1

Wednesday - 23 August 1978

Discussed with Dick Giza the request from Tom Latimer, Committee Staff Director, for an estimate on when the DCI would inform the Committee about who the DCI had designated as the central reference point for Intelligence Warning. I told Mr. Giza that a decision would be forthcoming, but that I could not presently provide him with an estimate. We both agreed that the Agency would have to be prepared to discuss this issue during the hearings on Warning that the Committee would be holding in September. I passed this on the [redacted] CSS/NFAC, after returning to Headquarters.
